Chapter 1: Getting Started

Welcome

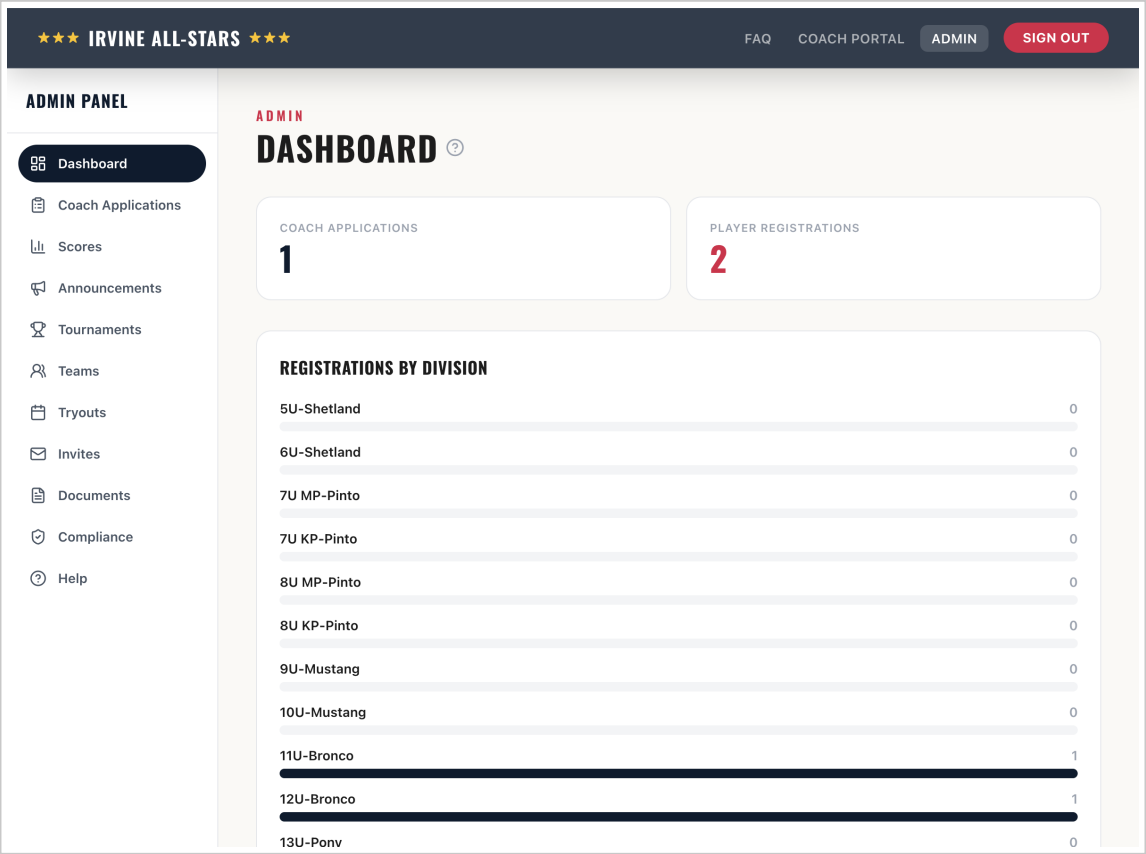
Welcome to the Irvine All-Stars Admin Portal! This guide covers everything you need to manage the All-Stars program -- from player registrations to tournament compliance tracking.

How to Access

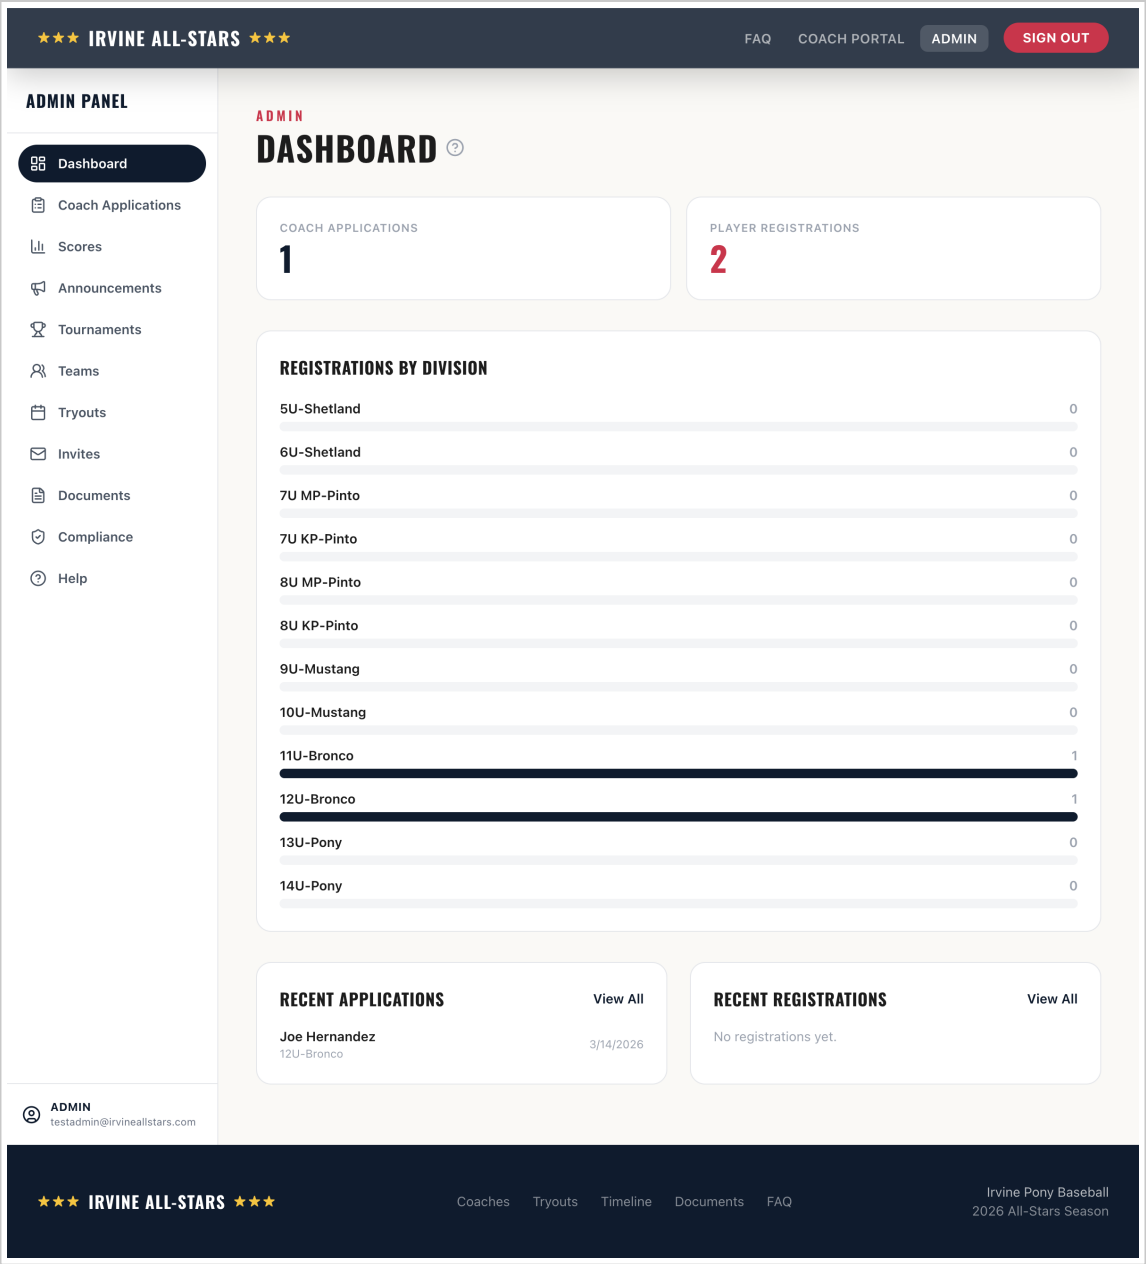
Go to irvineallstars.com and sign in with your admin credentials. You will be taken directly to the admin dashboard.

Dashboard Overview

Summary cards show coach applications and player registrations at a glance. The registrations-by-division grid shows distribution across all 12 divisions. Recent applications and registrations are shown at the bottom of the dashboard.



Admin dashboard overview



Full admin dashboard

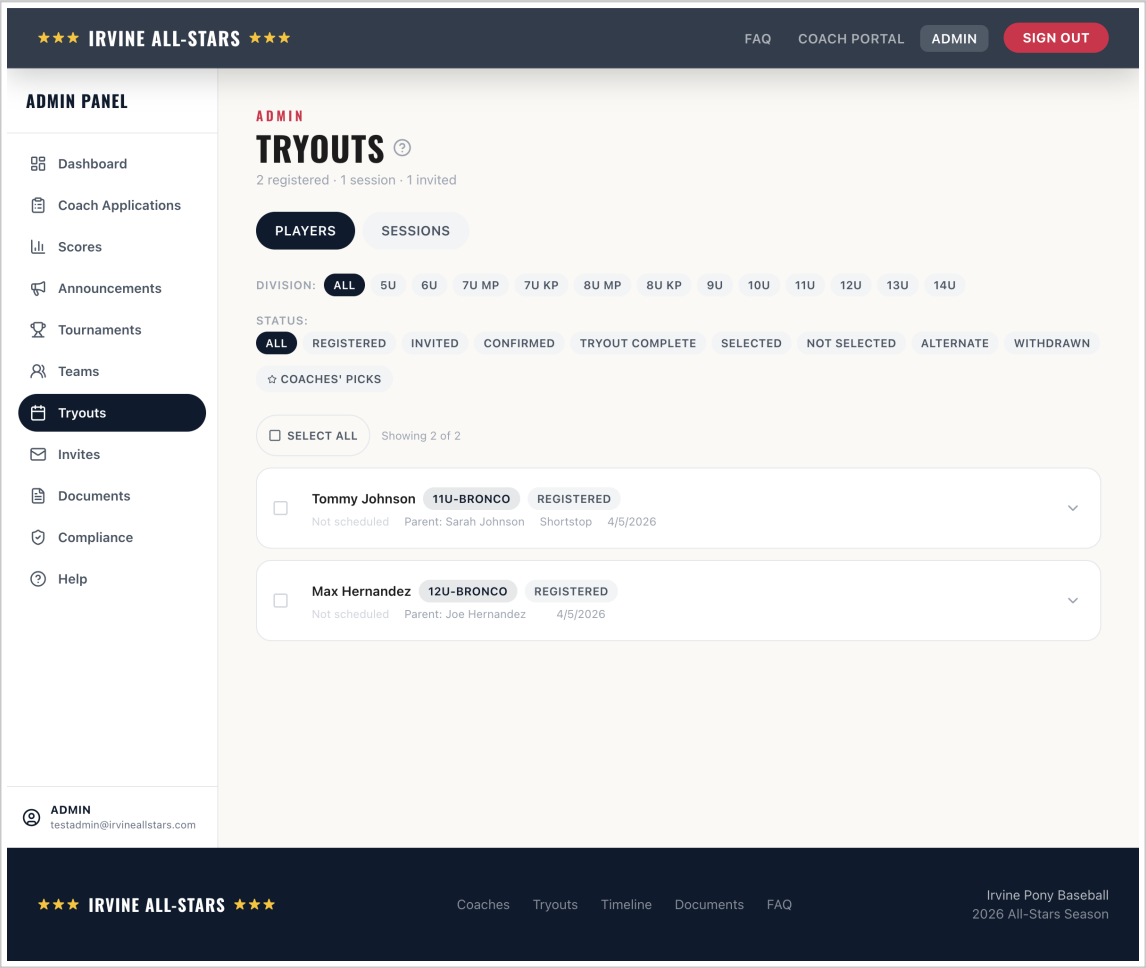
Chapter 2: Managing Registrations

The Tryouts page lets you view all player registrations with powerful filtering options.

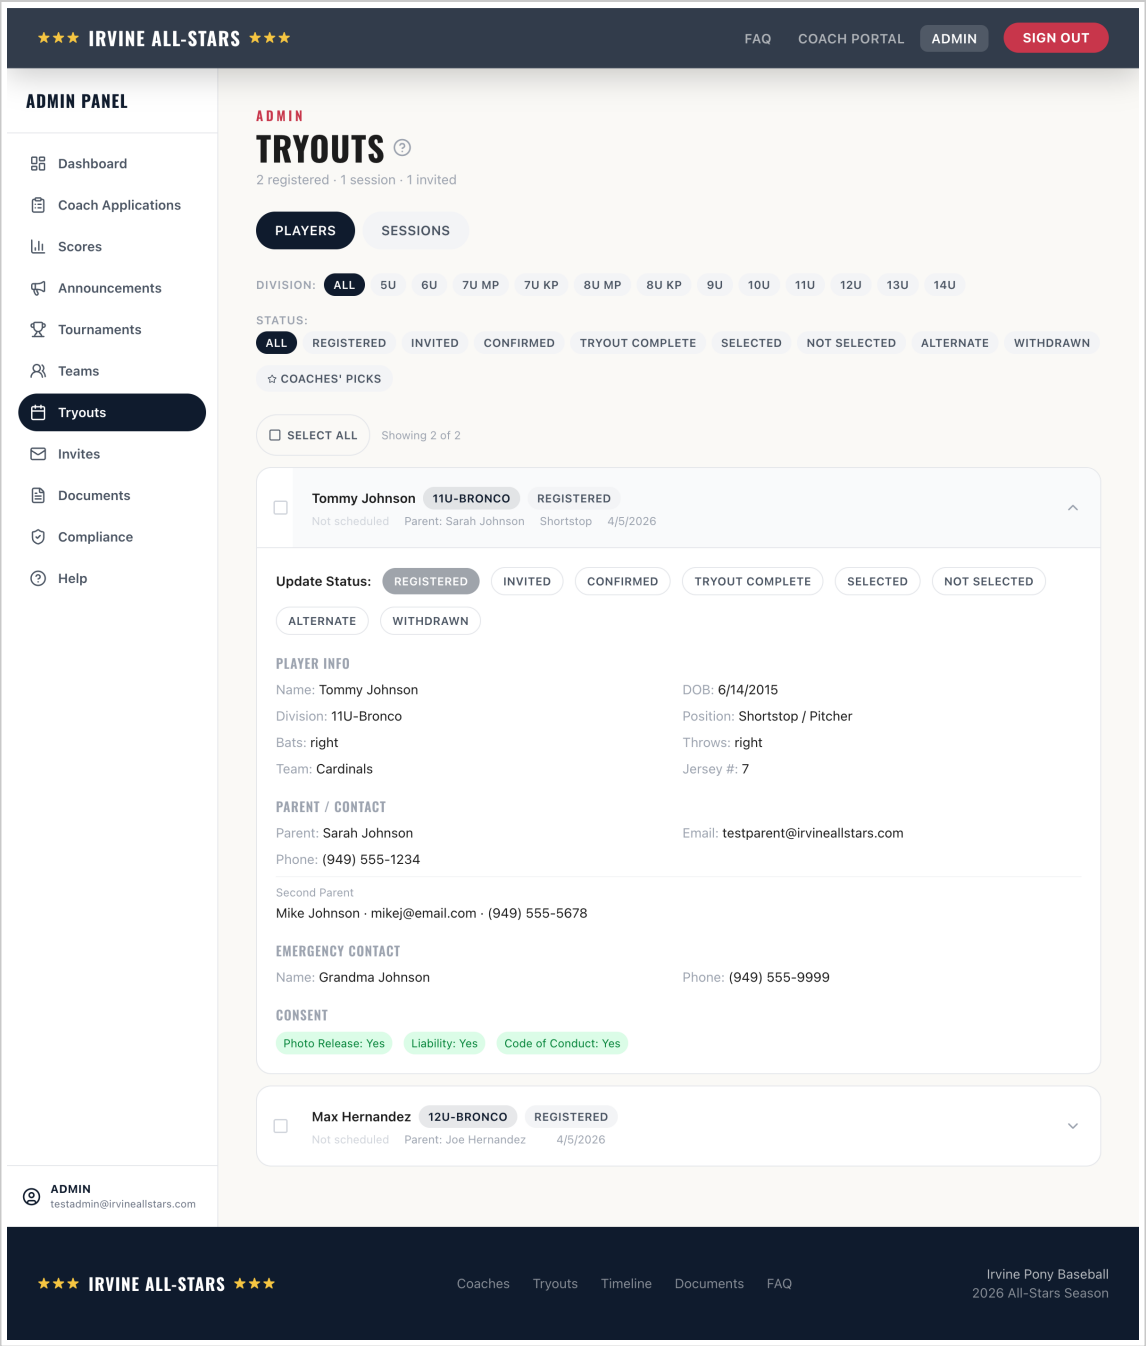
- Division filter buttons and status filter buttons at the top of the page
- Player cards show: name, division, status badge, parent name, position, and registration date
- Click a player card to expand and see full details including contact info, emergency contact, second parent information, positions, and medical info
- Bulk selection with the "Select All" checkbox for batch operations

Status Options

Each player can be assigned one of the following statuses: Registered, Invited, Confirmed, Tryout Complete, Selected, Not Selected, Alternate, or Withdrawn.



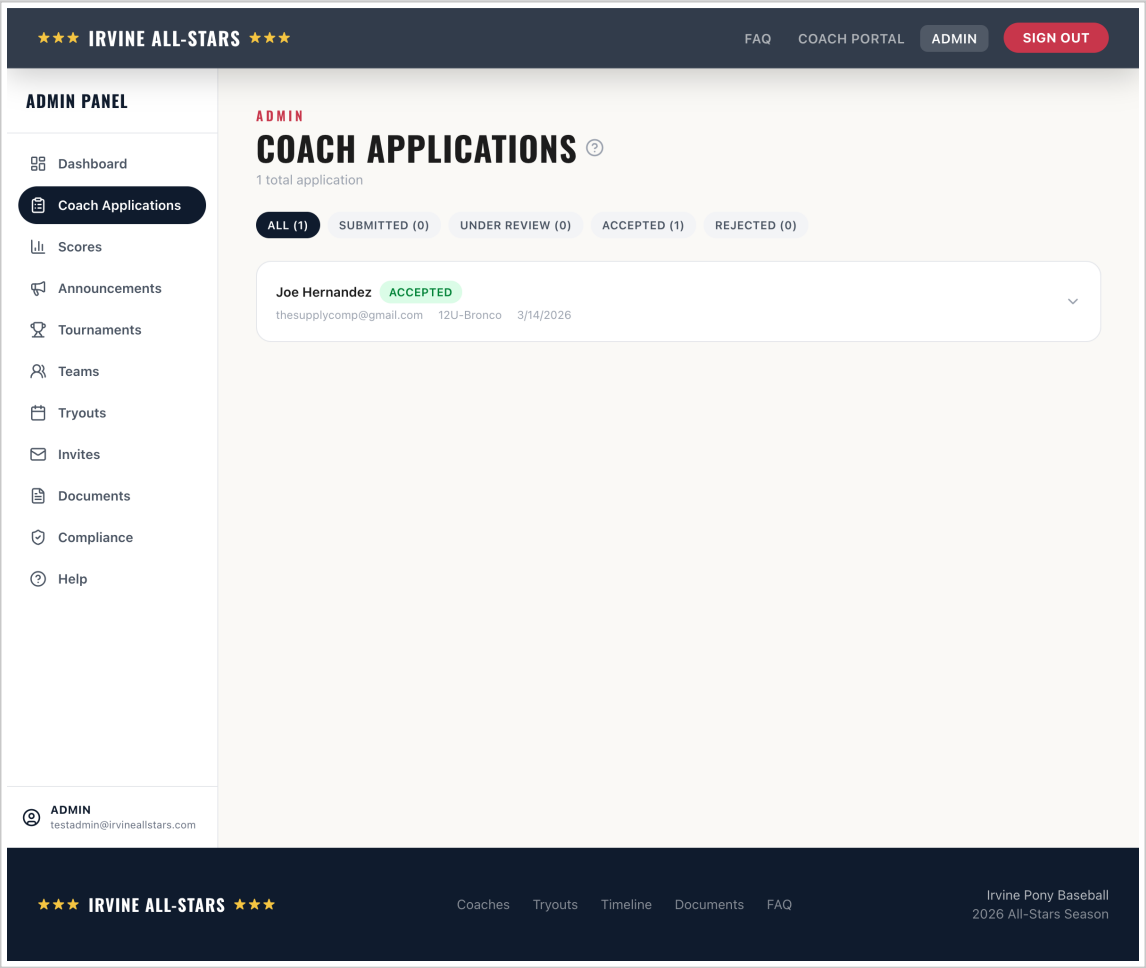
Player registrations list



Expanded player details

Chapter 3: Coach Applications

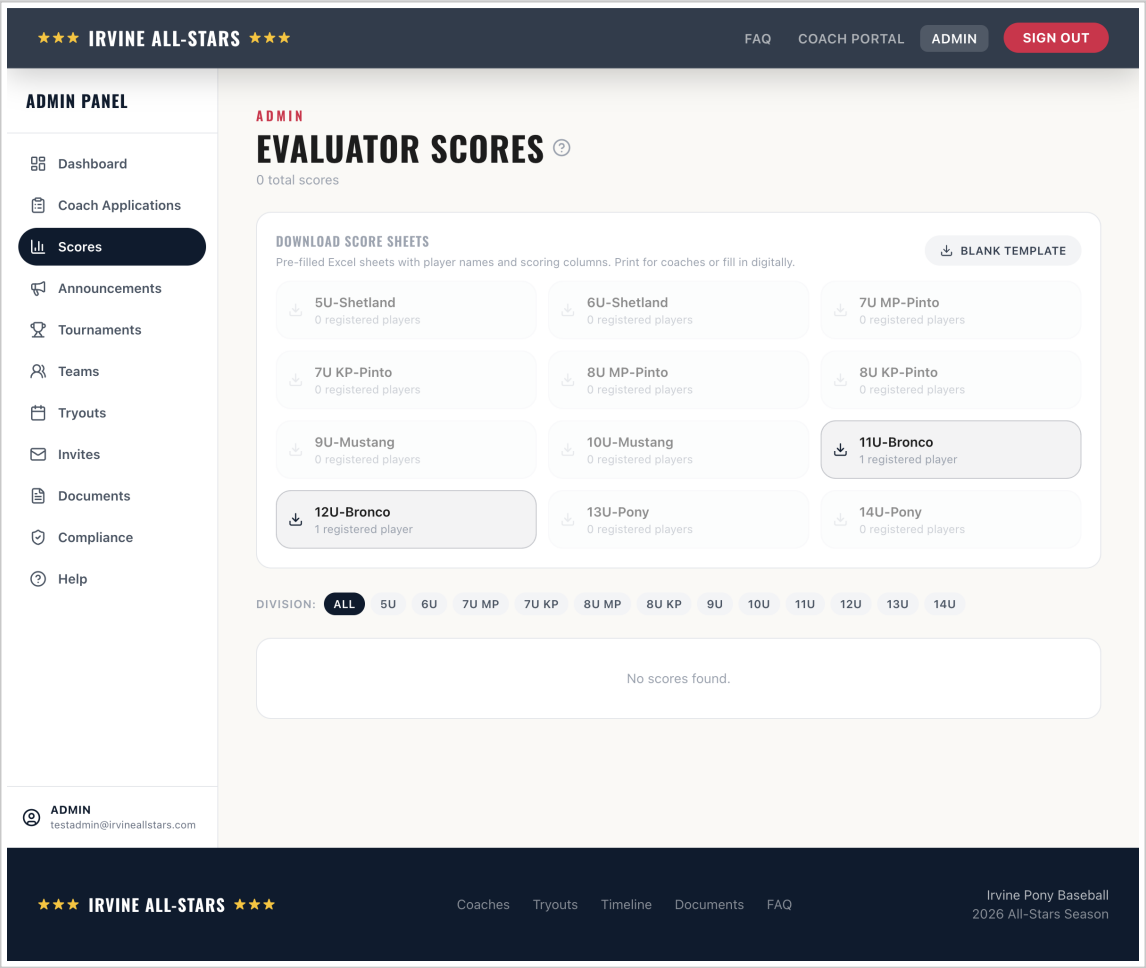
View and manage coach candidacy applications submitted through the portal. Each application shows the coach's name, requested division, experience level, and contact information.



Coach applications

Chapter 4: Scores

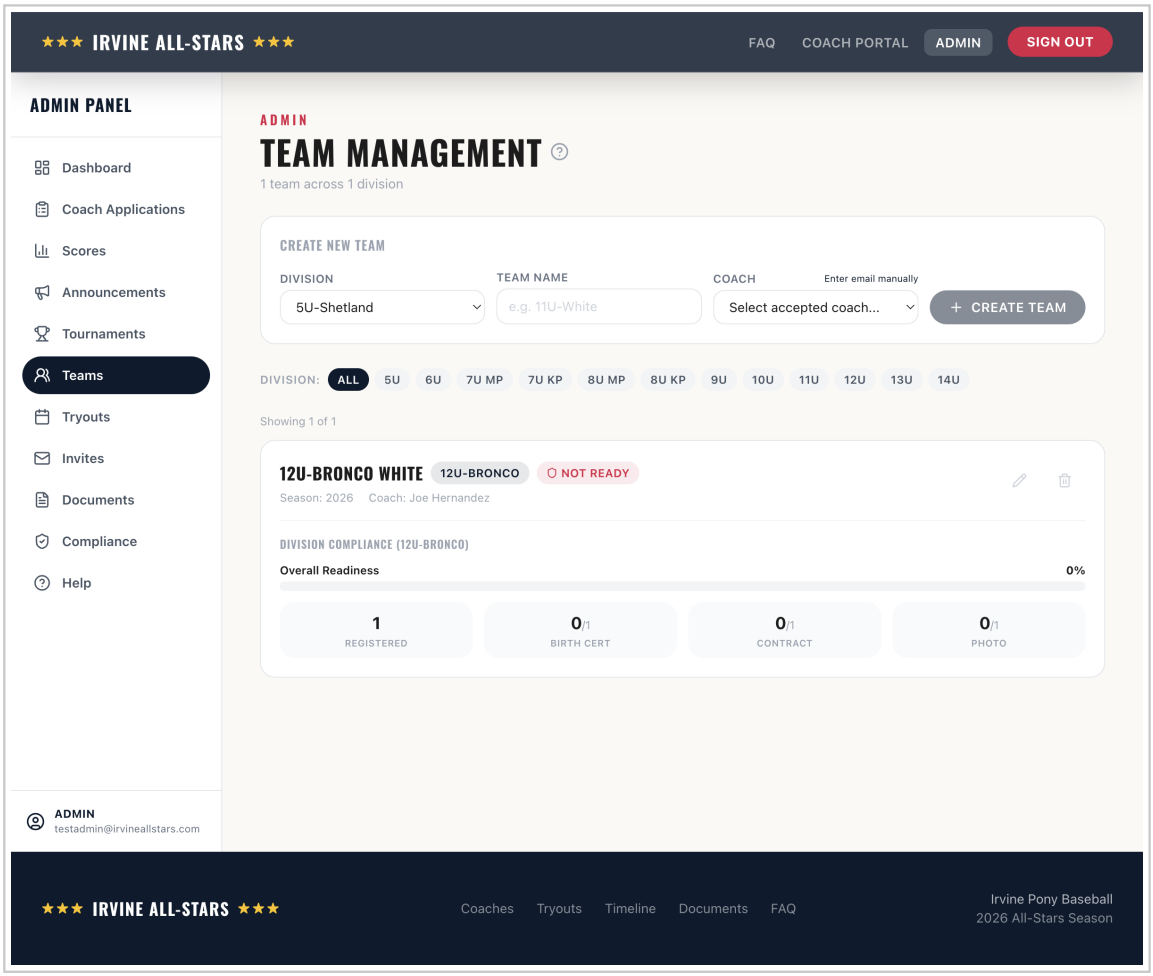
View and manage tryout evaluation scores submitted by coaches and evaluators. This page provides a centralized view of all player evaluations to assist with team selection decisions.



Score management

Chapter 5: Team Management

After tryouts are complete, use the Team Management page to organize players into teams and assign coaches to their respective divisions.

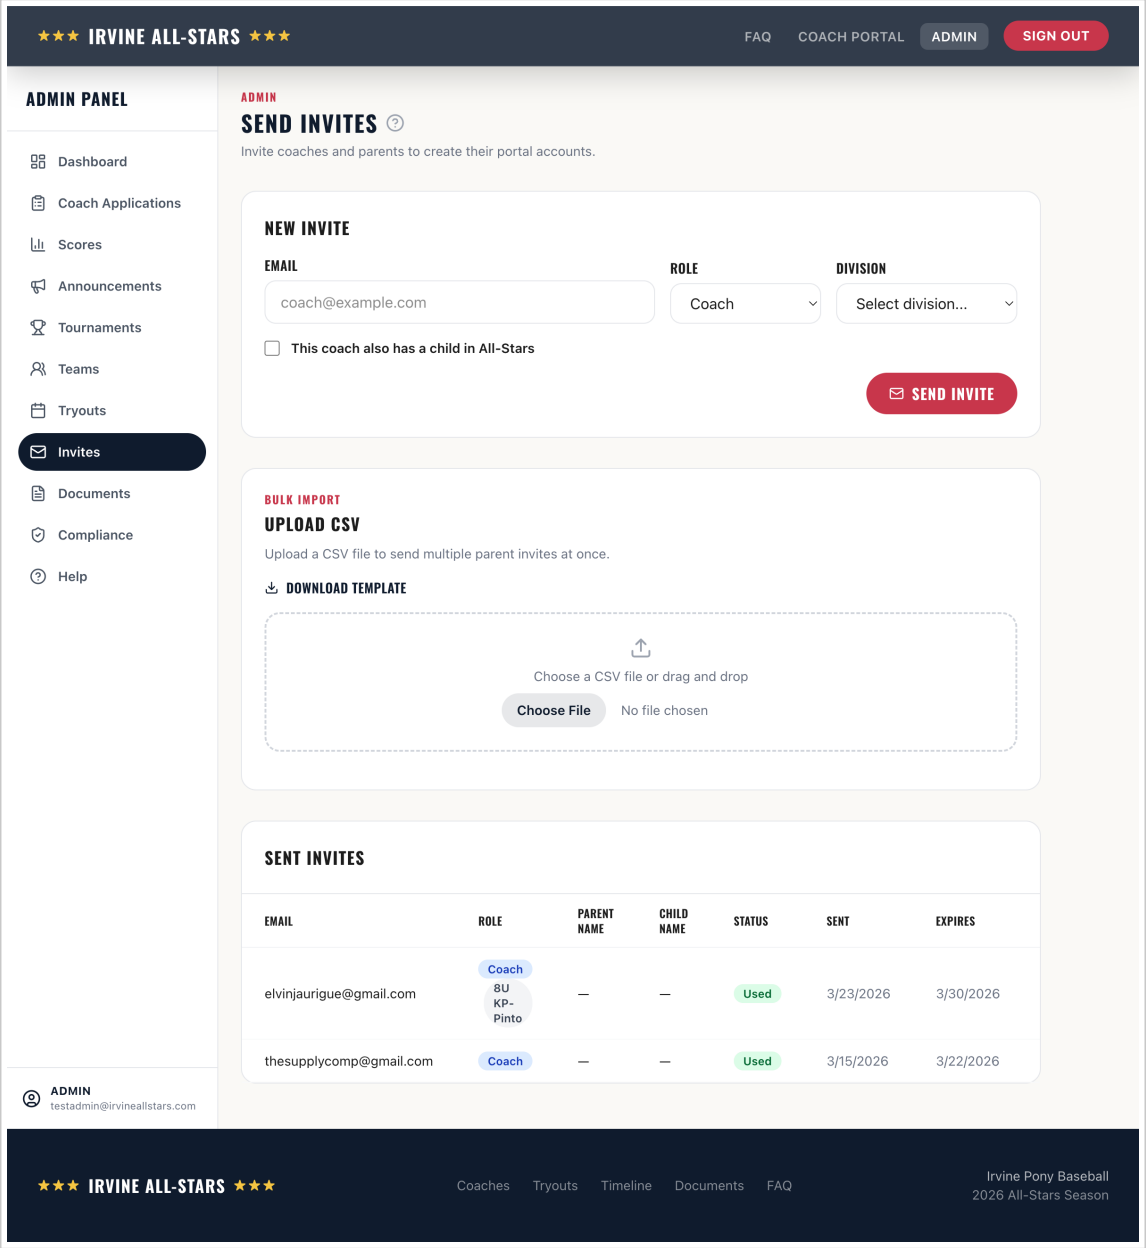


Team management

Chapter 6: Sending Invites

Send registration invitations to parents via email. Each invite includes a magic link for easy account creation -- no passwords required.

- Invite individual parents or send invitations in bulk
- Support for sibling registrations -- one invite can cover multiple players in the same family
- Track invite status to see which parents have registered

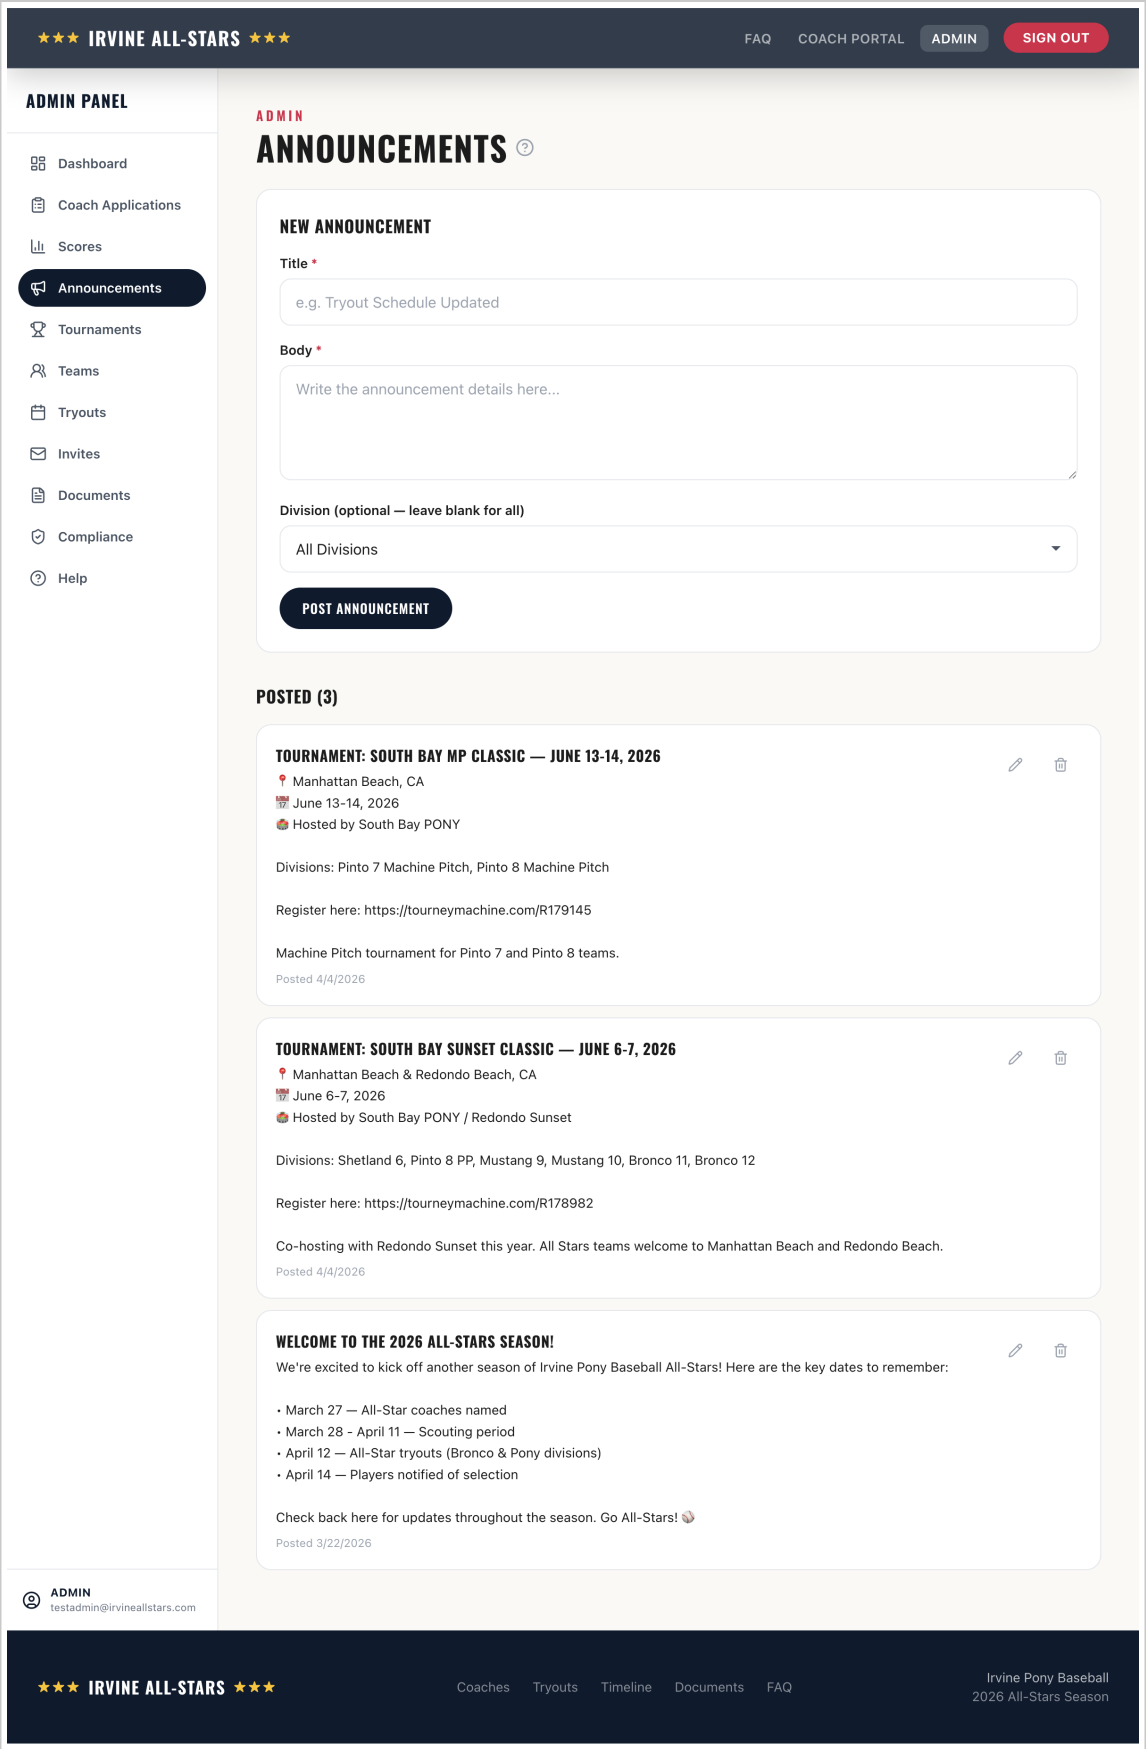


Invite management

Chapter 7: Announcements

Create and manage announcements visible to parents and coaches through their portals.

- Announcements can be general (all divisions) or division-specific
- Tournament announcements are auto-generated from tournament discovery
- Set publish dates and expiration for time-sensitive announcements

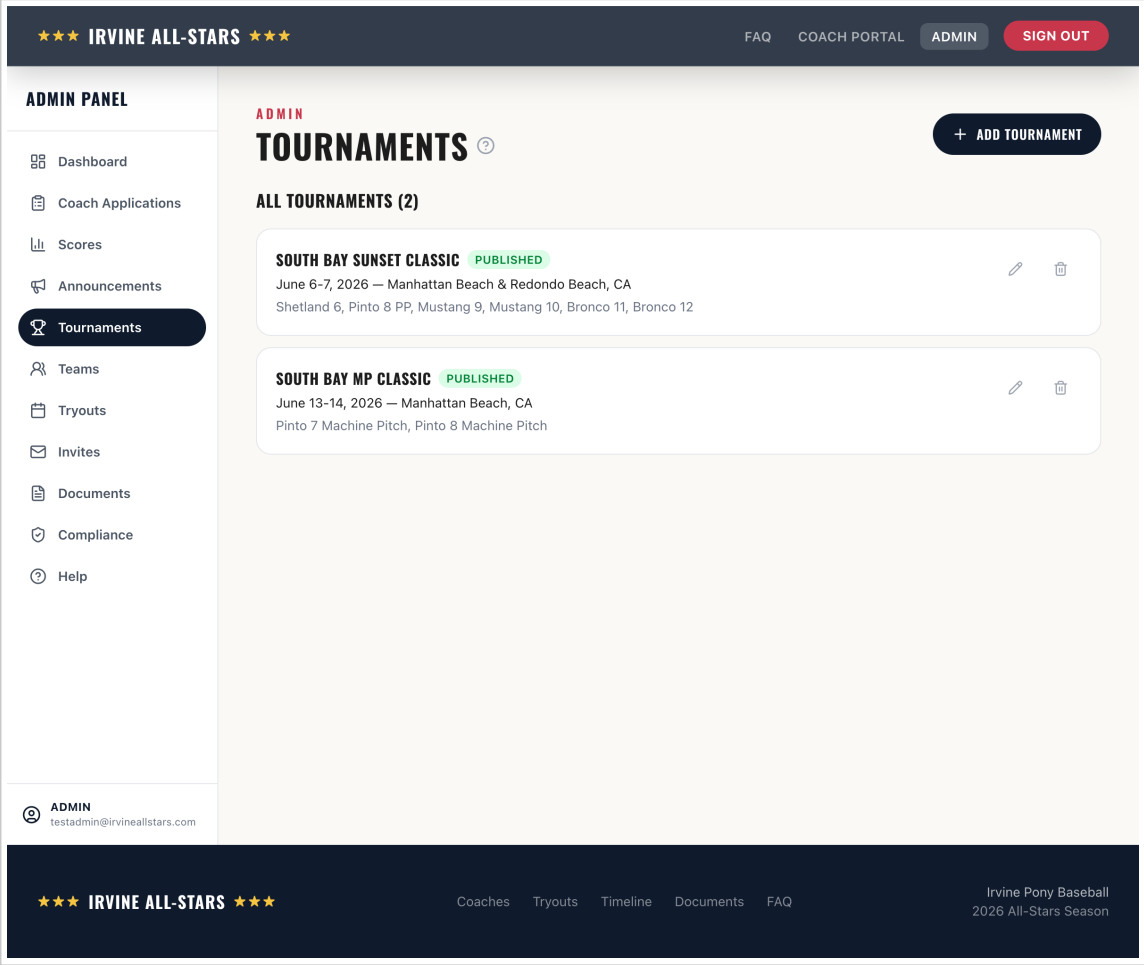


Announcements management

Chapter 8: Tournament Management

View and manage discovered tournaments for the All-Stars season.

- Tournament cards show: name, dates, location, host organization, eligible divisions, and registration link
- Control publish/draft status to determine visibility to parents and coaches
- Upload flyers for tournament promotional materials

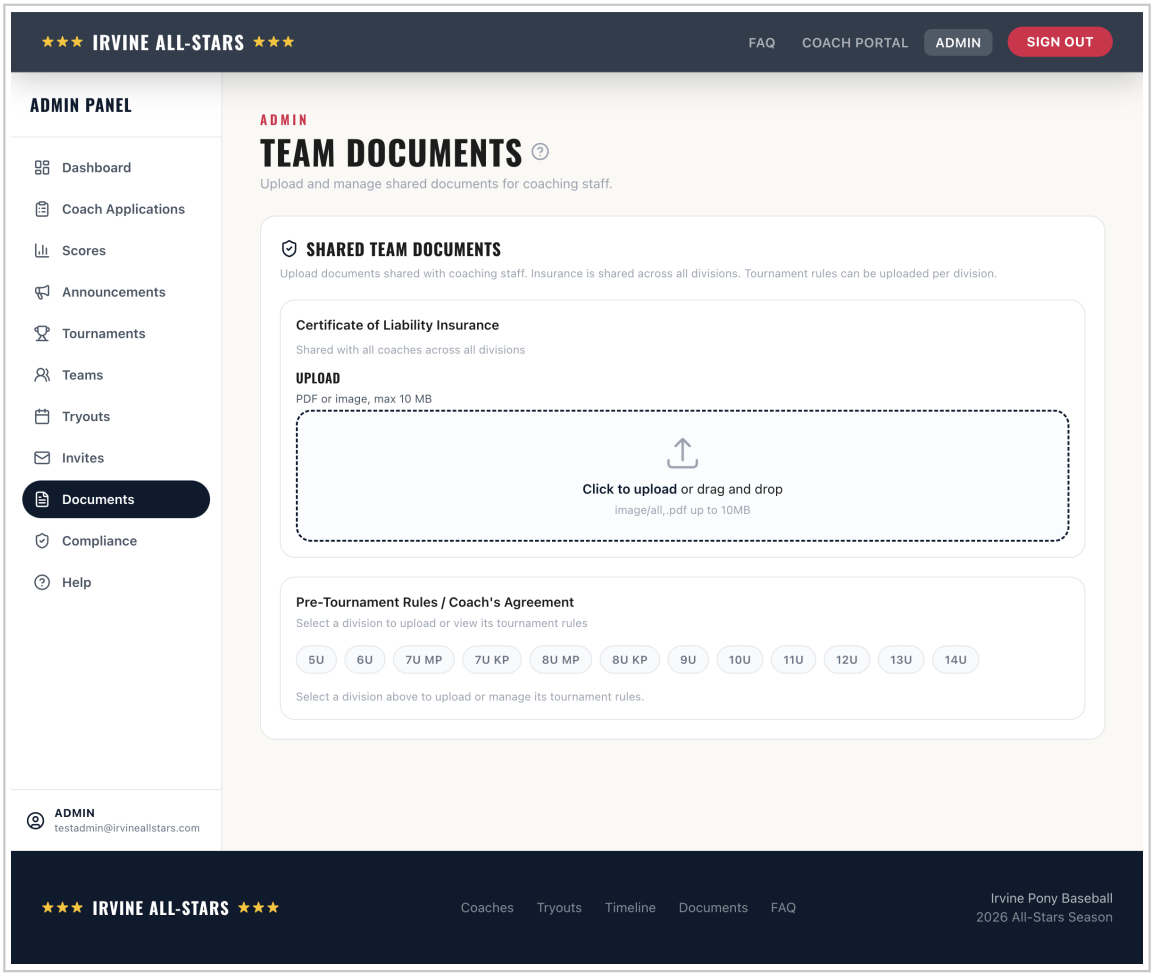


Tournament management

Chapter 9: Documents

Track document uploads across all registered players to ensure tournament readiness.

- View birth certificates, player photos, and medical releases
- Filter by document type and completion status
- Quickly identify which players are missing required documents

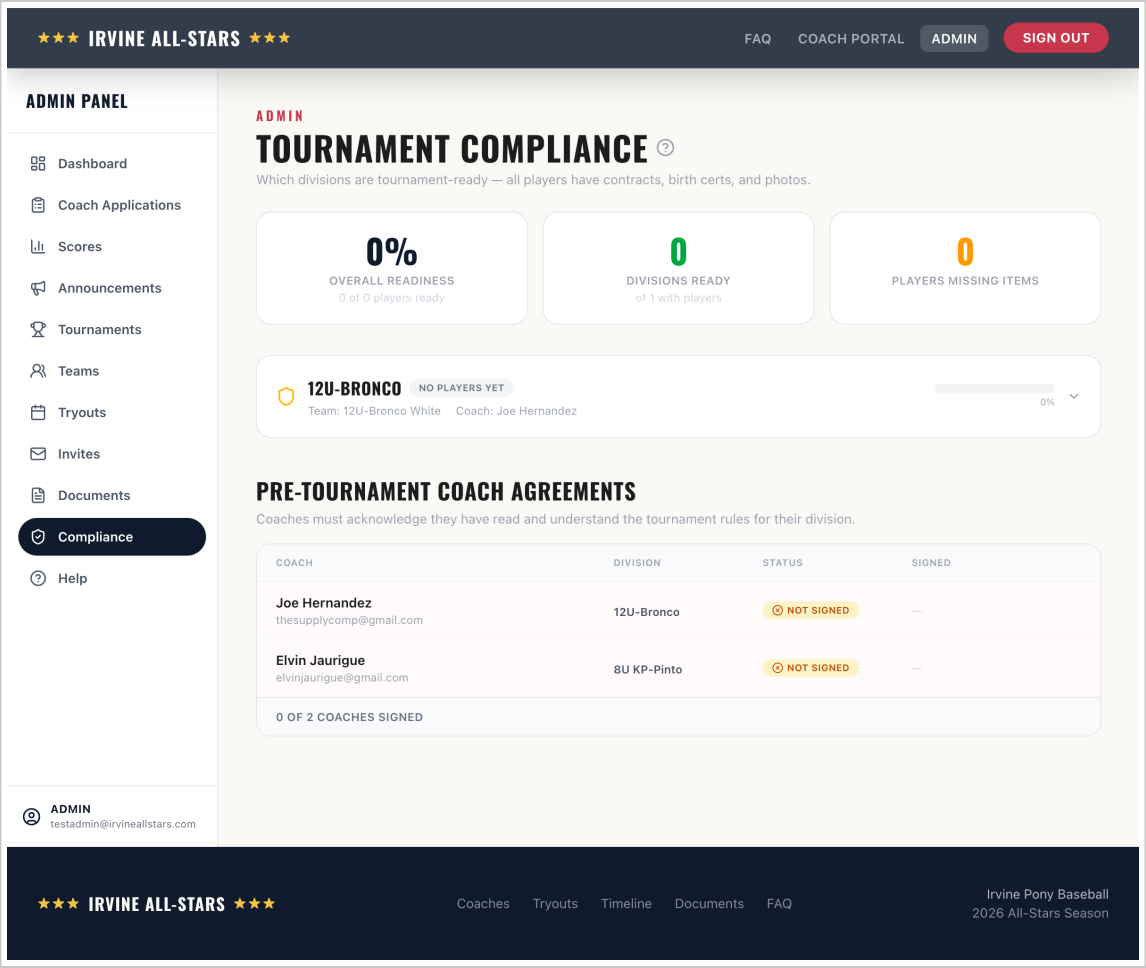


Document tracking

Chapter 10: Compliance

The compliance dashboard provides an overall view of tournament readiness across all players.

- Track which players have completed all requirements
- Items tracked: birth certificate, player photo, signed contract, and medical release
- Filter and sort to prioritize follow-ups with incomplete players



Compliance tracking

Chapter 11: Help

The admin Help page provides a comprehensive FAQ covering all admin features in detail. Use this as a quick reference for any questions that come up during the season.
